

Install Scripts in PixInsight - Instruction

- 1 Click a file with the RIGHT mouse button
(GAME.zip, EXIF.zip, ...)
- 2 select "Save target as" from the context menu
- 3 Unzip the file
- 4 File *.js > save in directory: ...\PixInsight\src\scripts *

The script must be activated in PixInsight:

- 5 SCRIPTS > Feature Scripts...: Click 'Add'
- 6 Specify the location where the script was saved (see 4)

Following message appears:

*1 additional script(s) were found on directory:
C:\Program Files\PixInsight\src\scripts (recursive search)*

- 7 Click button OK
- 8 Click button ‚Regenerate‘

Now the script is available in PixInsight.
